

# 10mm Middle East #5

## B10-ME-005

Please read these instructions fully before starting construction.

PVA or equivalent glue will be required to stick sections together.

Sand paper can be used to gently clean any joints.

A sharp modelling knife will be required to remove sections from the sprue. Please use knives with due care and remember to cut away from yourself at all times.

During the construction of this model, you may find it convenient to use pegs / elastic bands to hold pieces in place while you allow glue to dry.

Remove the front and side walls of the building plus the roof piece from the sprue.

Glue the roof section to the walls as shown – note the position of the hatch.

Take the side and back walls.

Glue these to the building as shown.

Glue the building to the base.

Add the side and front walls.

Add the gateway posts.

The completed building.
