

The logo for Blotz, featuring the word "BLOTZ" in a stylized, white, bold font inside a black, irregular shape that resembles a splash or a cloud.

28mm Crowd Control Barriers (set of 9)

B28-WF-103

Please read these instructions fully before starting construction.

PVA or equivalent glue will be required to stick sections together.

Sand paper can be used to gently clean any joints.

A sharp modelling knife will be required to remove sections from the sprue. Please use knives with due care and remember to cut away from yourself at all times.

During the construction of this model, you may find it convenient to use pegs / elastic bands to hold pieces in place while you allow glue to dry.

Each barrier is formed from the pieces shown above.

Attach the first foot.

Then add the second foot.

The finished barriers

Painting

Once constructed, we sprayed our barriers with a black car undercoat, then once dry they were dry brushed with a burnished silver colour.
