

28mm Platform Steps

B28-JR-002

Please read these instructions fully before starting construction.

PVA or equivalent glue will be required to stick sections together.

Sand paper can be used to gently clean any joints.

A sharp modelling knife will be required to remove sections from the sprue. Please use knives with due care and remember to cut away from yourself at all times.

During the construction of this model, you may find it convenient to use pegs / elastic bands to hold pieces in place while you allow glue to dry.

Take the base, sides and rear of the steps....

..and glue them together as shown above.

Locate the three step supports.

Glue them into position.

Add each step, alternating the stone pattern on them.

The finished steps.
